**BRO. MARCIAL GONZALEZ**

People need and depend on other people. Youth must be guided down the right paths of life by the more experienced.

During our years here at Dominguez, we have been inspired by the zealous example of two devoted servants of Christ. They were there to share in our happiness and when the discouragements arose, they were the mod-

els of our goal. Through their assistance and friendship we have fulfilled a great and memorable part of our lives. So with great pride, we the senior class dedicate this 1968 El Don to Father Richard De Tore and to Brother Marical Gonzalez—Thank you for your Christ-like leadership!

# THEME

The times of victory, fellowship, hard work and encouragement would be few, if it weren't for the strong pillars of SPIRIT and MOVEMENT. There are the pillars built by young, vigorous men, the future disciples of Christ.

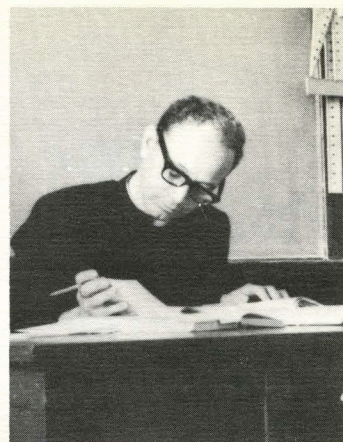

MOVEMENT AND SPIRIT

# Movement and Spirit . . . . The Class of 1968

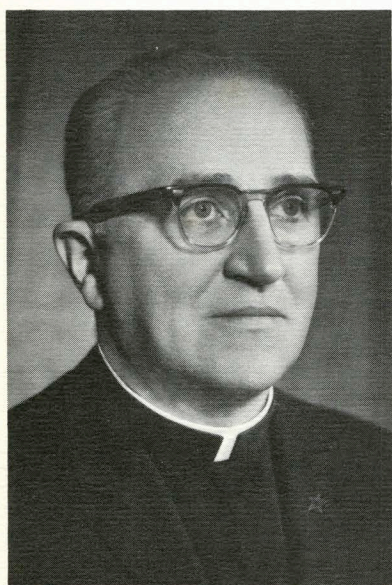

Determined to progress, the seniors are an anxious team ready to voice their spirit while on the move. They are a group who believe in the active spirit of today and in

keeping pace with the movement of youth. Each one inspiring the other in his own particular way as they work together for their goal, still so far ahead.

Rev. Patrick McPolin, Provincial with the Very Rev. Anthony Leghisa, General of the Claretian Congregation in Rome.

Most Rev. Patrick McPolin, C.M.F., Provincial of the Western Province.

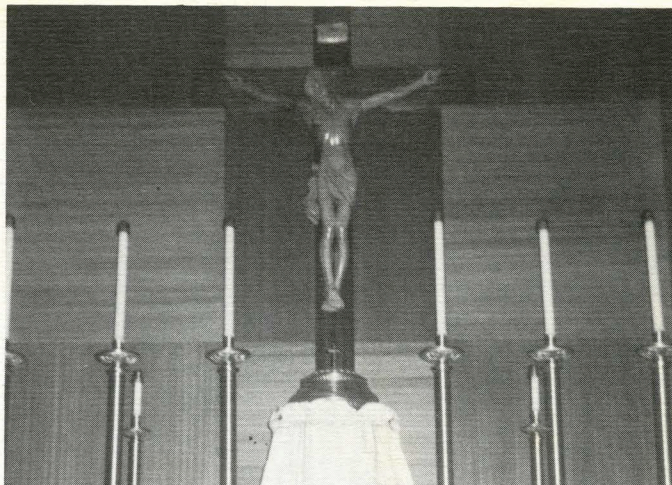

Rev. William King C.M.F., Superior of Dominguez. Latin III, and IV.

## CLARETIAN LEADERS

On the morning of September 26, 1967, a new Claretian was chosen to succeed the retiring Superior General, Rev. Peter Schweiger C.M.F., in the holy city of Rome.

After many long hours of debate Rev. Anthony Leghisa was the choice. Father Leghisa is a young man who was the former provincial of the Claretian province in Italy.

We, the faculty and students here at Dominguez wish to our new General best wishes and Christ's blessings.

Imagine yourself at the altar, receiving Our Lord, giving praise to Him through hymns and giving thanks for the life He has given to us. Imagine, too, a large group of young men, gathered together in a small chapel for the glory of God, burning a path to their goal of the priesthood or brotherhood. To imagine this is only the beginning of the seminarians spiritual life, moving towards his goal with the spirit of love and thanksgiving to God and our founder, Saint Anthony Claret.

## CLASS OF 1971

They enter into the seminary a little withdrawn and shy, but after initiations they become an active part of the team. They are eager to help and share in the fun and work with the rest. To them belongs the spirit of determination, the spirit which has guided them through the first memorable days, weeks, and months here at the seminary.

# ACTIVITIES

Yesterday's ideas are today's actions as we move towards our goal with the spirit to succeed. Each club in turn has their own goals, with their own source of spirit, found in the far corners of each club room. The students that make up these clubs keep the school afire with the desire to reach that goal common to us all, the religious life.

# STUDENT COUNCIL

For the first time in our Minor Seminary's history a student government was set up and made into a helpful and working organization. After a week of campaigning elections were held September 24.

The council is set up so that each class gets three delegates who talked over such things as student body cards, an out of stater club, and many other subjects that effect our student body.

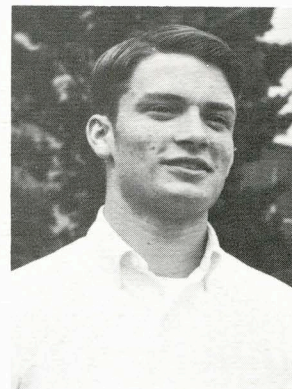

The student council couldn't have done all that it did without the school behind it. In looking at our student council we see a fine example of movement and spirit.

None of the major school functions that take place throughout the year would be nearly as successful as they have been without the cooperation and support of the parents.

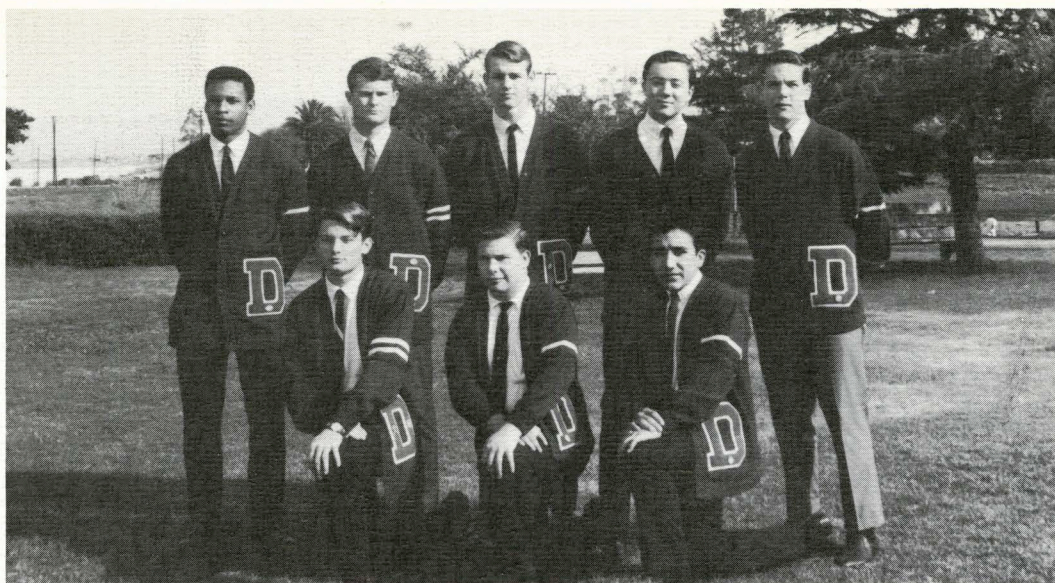

It is their sacrifice and their efforts that make possible such spirited events as the Fiesta, the Christmas and Mother's Day Party and more.

For all your time and effort we THANK YOU.

Having a hard time getting reestablished after the big move to the barn, the ceramics club is slowly getting back on its feet. At first there was trouble with the electric kiln. There was trouble with the greenware, paints and brushes, trouble with the molds, and last but not least, trouble with incoming funds. However, reinforced enthusiasm is keeping it alive and moving.

# Snow Trip '68

Gloves, boots, hats, coats, sweat-shirts, extra pants, plastic bags, newspapers, and all sorts of other weird looking pieces of clothing were brought out the day the big snow trip was announced. It was discovered, however, upon reaching the traditional Snow Valley grounds, that mud and slush balls were all that could be mustered up for the big fight. However, the battles were brought to an abrupt end when it was discovered that most of the car keys were lost during the fight. The afternoon was a little different as we drove to Green Valley and rode on the bouncing quick toboggans. Everyone had a great time as we crunched and smashed every bush and tree in sight. The day was finally topped off with the traditional supper stop at Solidad.

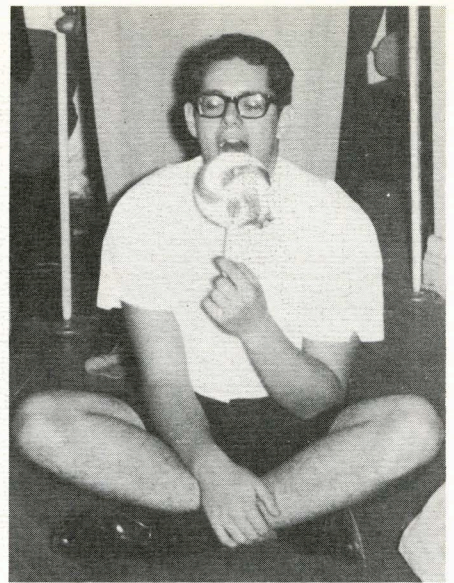

Does this look like a varsity baseball team?

The superbly directed and delightful sound of our spirited glee club sang in joyous harmony for the pleasure of many and all who would hear them. For the Christmas spirit they were merry, bold, solemn, mellow and traditional; for Mother's Day they pull at the happy heart strings which bring mothers to tears; at Mass they are crisp and celestial and at all times they are happy.

Brother Rene has kept them alive and working with his many contests, that makes the Claretian spirit even more evident.

# PLAY NIGHT STRIKES AGAIN!!

Play Nite "68" was a night of true originality, displaying humorous, dramatic, mild, wild, and outrageously weird actions and actors of the various combinations of acts and scenes. The Senior play, first on the agenda, was filled with numerous characters, from pixies to beatniks to a circus bum to a pair of rivaling Santas whose tactics involved magic potatoes.

Following, was the Juniors' play as the Klu Klux Klan were out to get jolly ol' Santa. Then the Sophomores and their, "Santa is a junky" sign. Finally the Freshmen's story of Amahl and the three kings on their way to see the baby Jesus. Ending with this, we all retired with a happy heart and a giggly tongue.

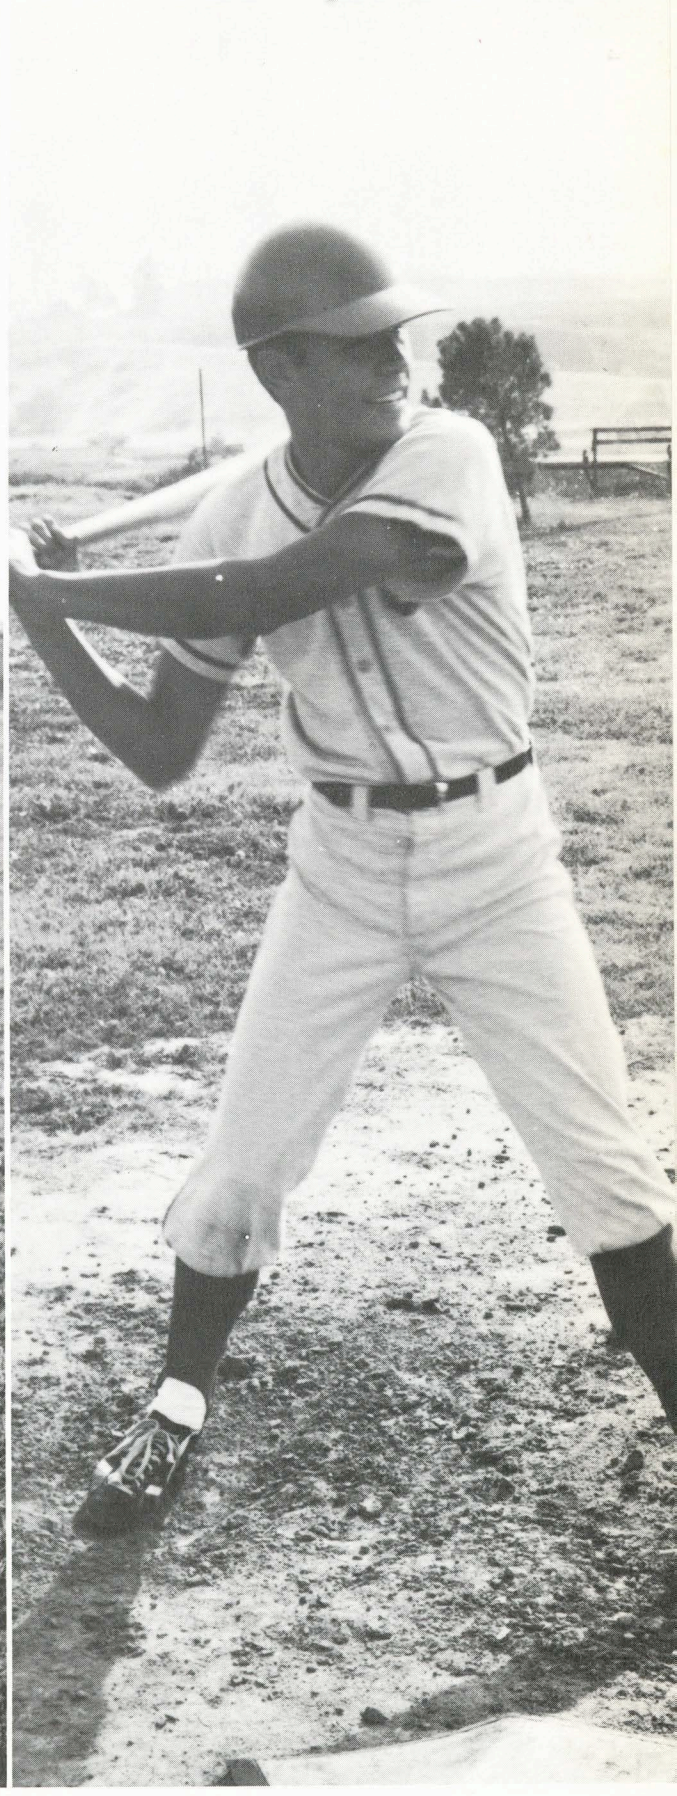

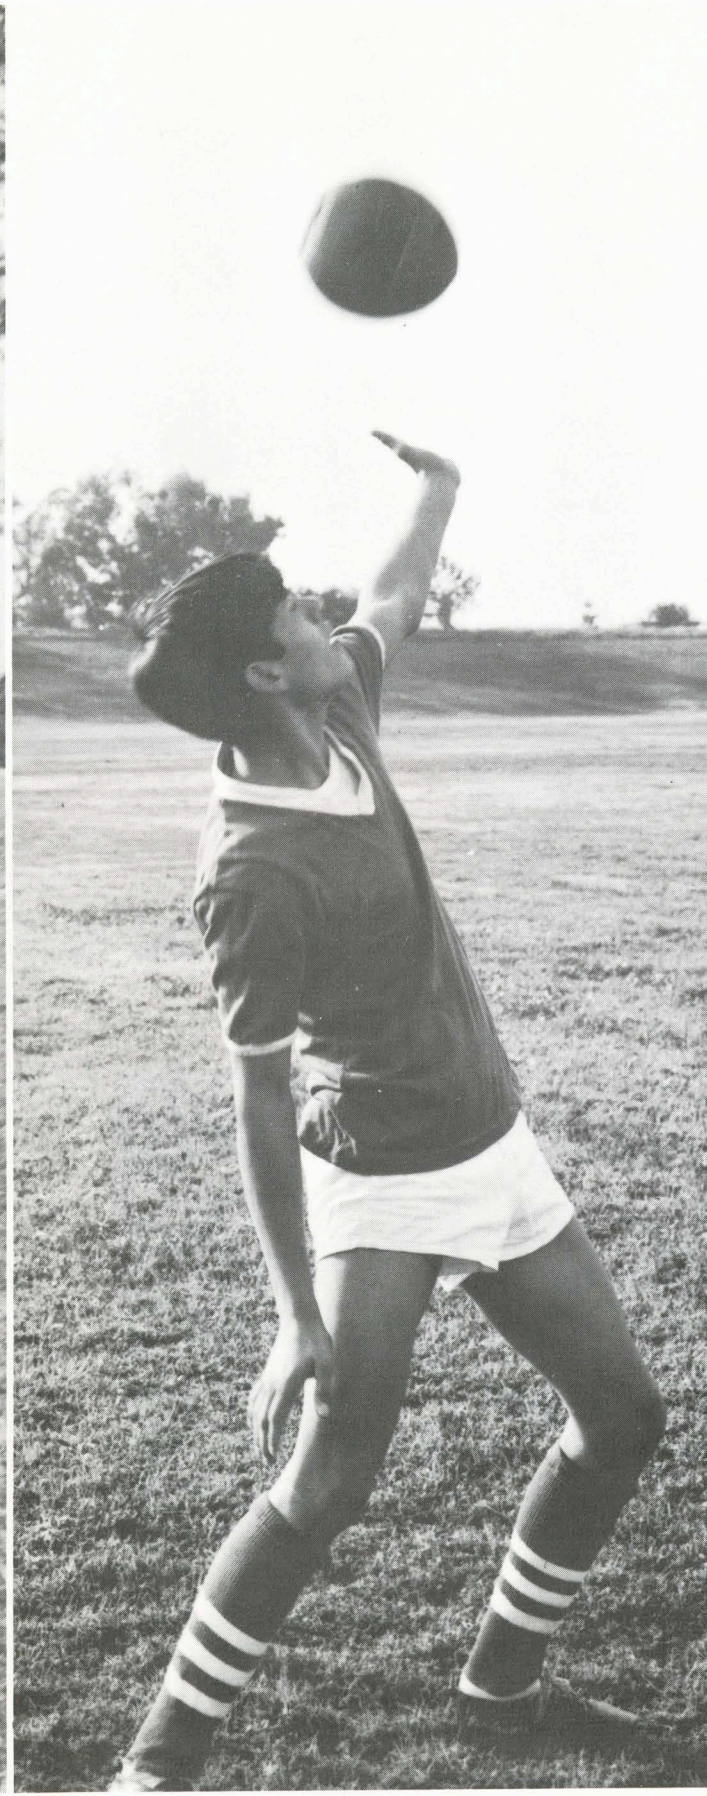

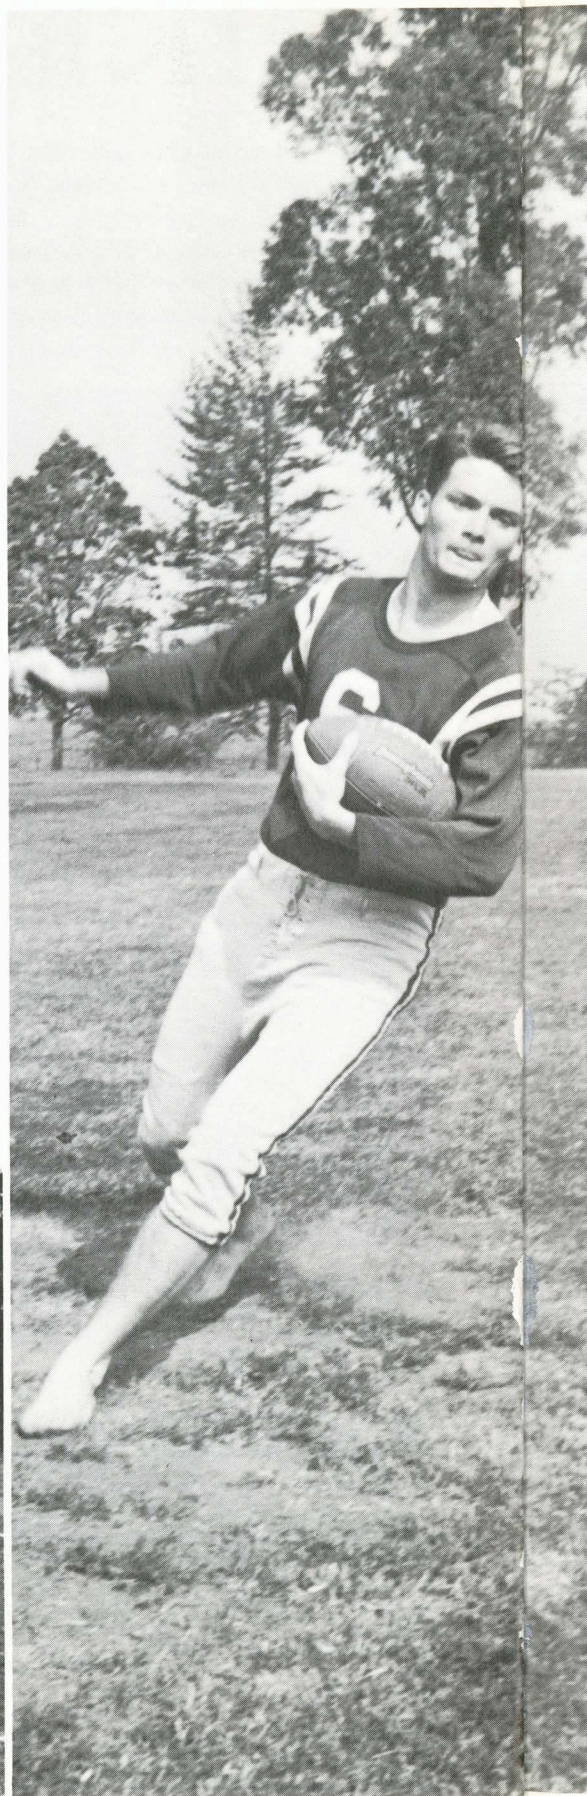

# SPORTS

# SPORTS

Sports is the area in which the movement and spirit of school are really brought out. Whether a student actually participates in a sport or cheers the team on, sports is something that takes team and school spirit. We can proudly look on our undefeated football team, our league winning soccer team and our well dressed baseball team and always remember SPORTS '68!

# Football

## Footballers Kick Off Successful Season

The Dons of '67 went through another undefeated season as they rolled up a 6 and 0 record. They outwitted and outplayed every team that they encountered.

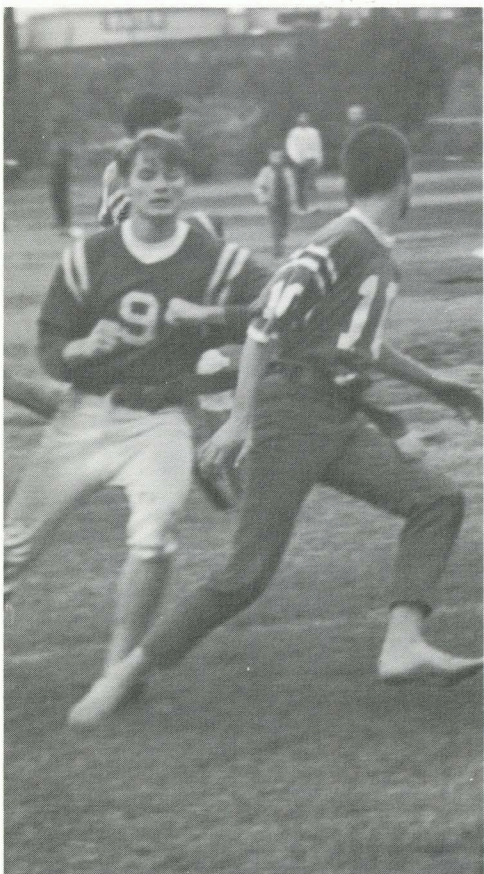

Quarterback Dennis Bergdorf led the offense with his passing and Norwood Duplessis broke a school record by scoring 12 touchdowns. Mick Manning and Ron Hallam led the way in checking the opponents' attempts at scoring. Not to be forgotten is coach Father Berg who in his years as coach has compiled an unbelievable record of just two losses in the last four years.

# C.I.F. PLAYOFF ACTION

The score may have been 4-1 against them but the Dons demonstrated both good sportsmanship and soccer ability in the rough tough soccer game with Mission. Lack of experience was the pitfall for team. But the spirit of the team and the school was indomitable. The game was a real heartbreaker for a team that accumulated a 6-0 record in their division.

## DIAMOND ACTION

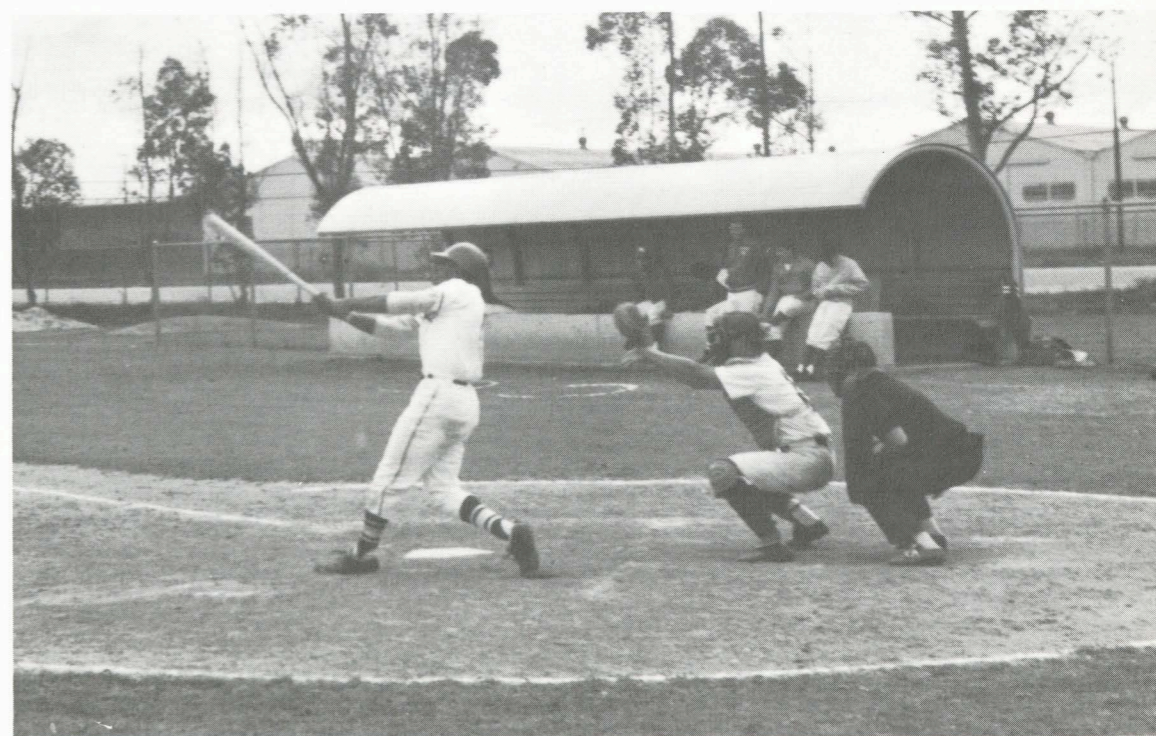

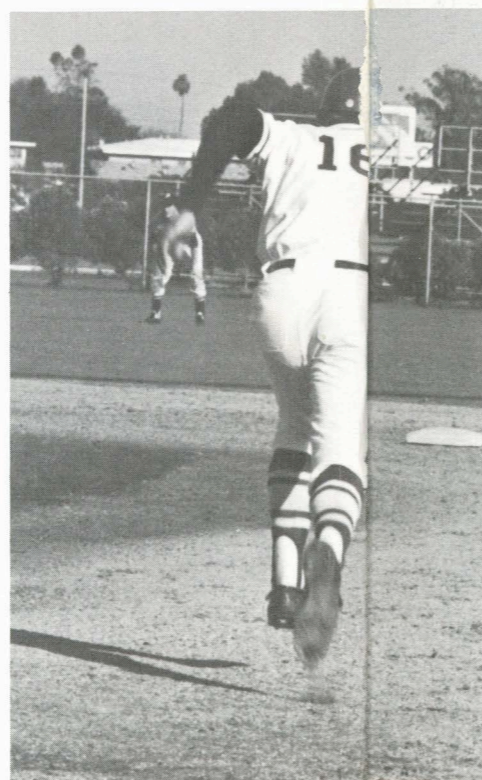

## Baseball '68

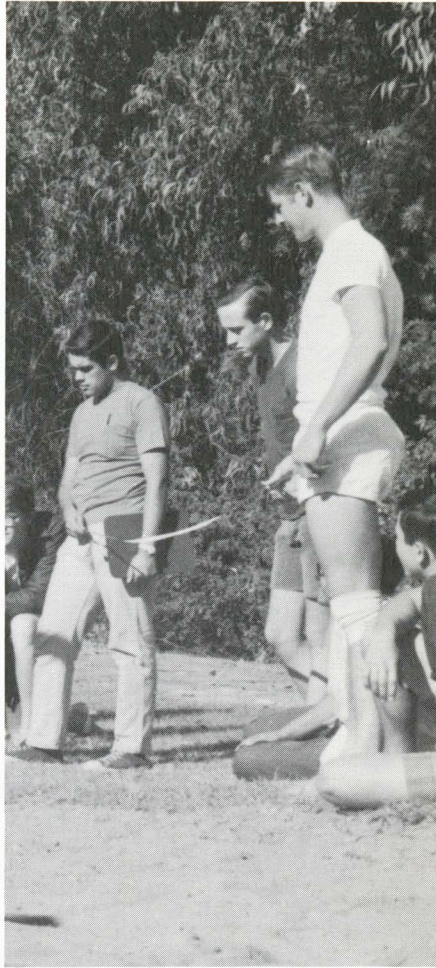

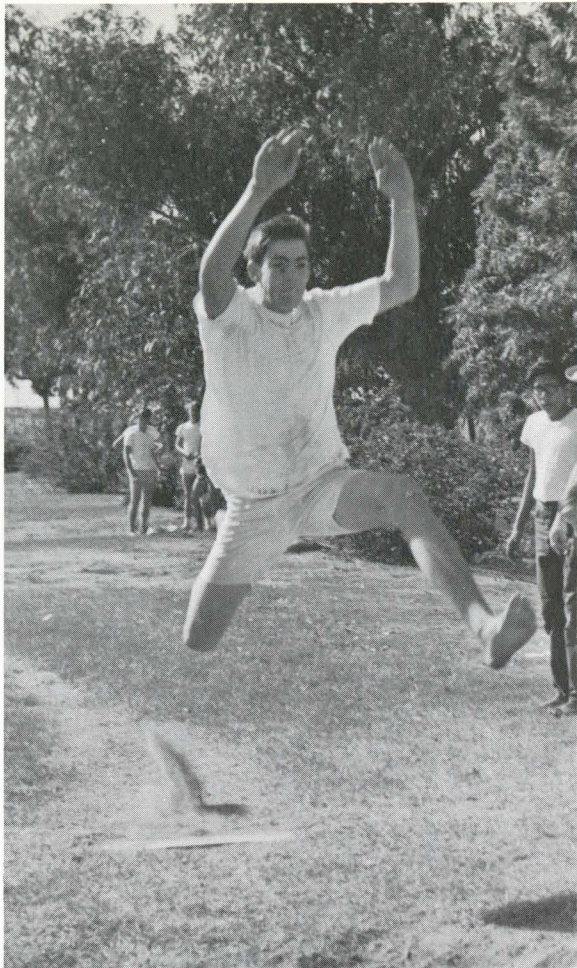

One of the pleasant surprises in sports here at Dominguez was this year's baseball team. Showing a strong defense and clutch hitting, the Dons proved themselves in every one of their games. With only three Seniors on the team the outlook is good for next year's team. The '68 baseball team was also perhaps the best looking as they got new uniforms this year that were provided by the Long Beach Guild.

# YOUNG CLARETIAN STAFF

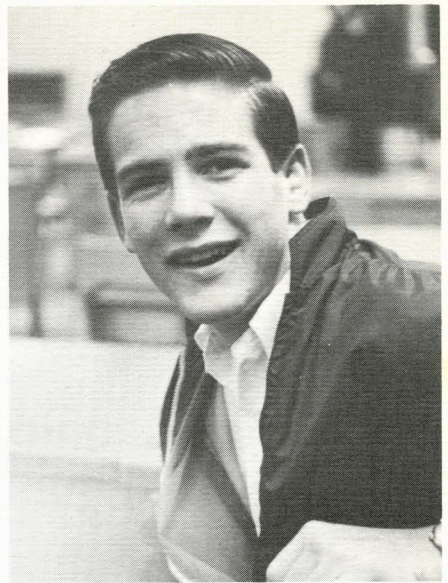

The Young Claretian of 1968 became the best paper ever printed at Dominquez. This was due in great part to the outstanding of its editor John Zimmerman. Under his brilliant leadership and Bro. Richard's advice the Young Claretian came to literary excellence in its interesting and instructive articles. The Young Claretian was spiced with a wide variety of articles and stories. Picking up any

issue you may find an article about surfing, a trapeze or some other provocative and informative topic. There was always math, some jokes, something about our Congregation and news from the school campus. All this added up to an attractive and worthwhile paper.

The El Don offers it's congratulations to the T.Y.C. and wishes it the best in the future.

Editor John Zimmerman led the T.Y.C. staff to its most productive year.

Different kinds of people have different talents and this was shown during FIELD DAY '68. Many contestants struggled through the days feats with exuberating exhaustion. Following the morning's wild races, and exhausting trials, weird games were played in the afternoon. Soccer was played with a football, basketball with a ten inch rubber ball and volleyball with a tennis ball. That night all the secret agents were out for the annual game of capture the flag.

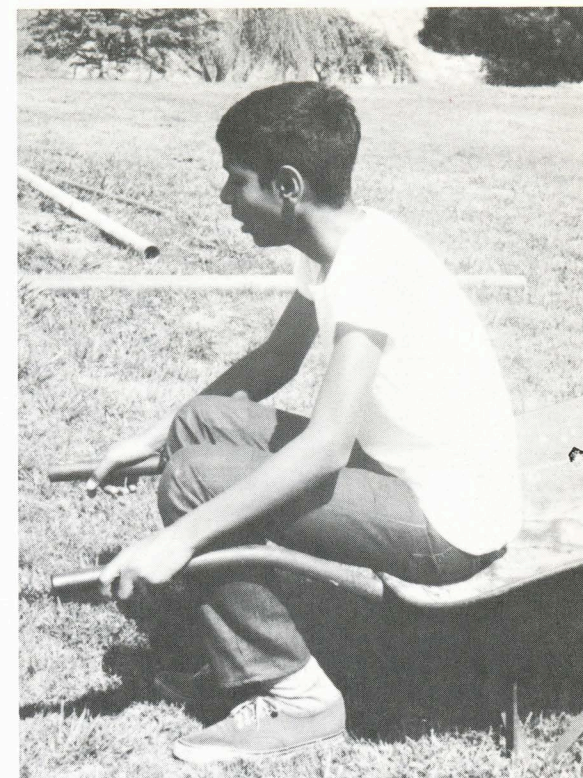

Some got quite wet in the balloon toss.

Just to get on an annual staff you have to be half crazy. The smart ones quit the staff before it's too late. But the few nuts that stay on get the sheer enjoyment of having created something that expresses the way they feel. A lot of sweat, sleep and time seemed lost in the small confines of our staff room but everyone's efforts weren't in vain. Few things went right and

troubles were abundant. There was even talk of skipping town and heading for Mexico. But things got better and we turned in ten pages! Then ten more and pretty soon the last ten and it was over! So here you have before you hours spent in utter distress, many, many arguments, quite a few different ideas, and finally the EL DON '68.

Finance manager, Ed Nunez addresses the student body on money troubles.

Scott Sampson prepares to take a picture.

Chief-photographer, Mark Sinaguglia winds the film.

### To the Student Body

As the editor of the "El Don" I would like to thank all of you on behalf of the staff, for contributing to the make-up of this year book. You might wonder how you could have done anything on the annual, but you must remember that without a student body, there wouldn't be an annual. It is the members of Dominguez who go out and get ads, it is Dons who make up the teams and it is the students who go out and cheer for those teams.

I would like to thank The Young Claretian for all the help and support they have given the annual throughout the year.

I thank you all for cooperating when we needed your help. We hope that you all enjoy this book, and when you pick it up you will remember the spirited movement we tried to depict.

# SENIOR HIKE

The seniors shall well remember their venturesome hike along the Kern River as they strove over ridged rocks and sandy trails wondering where each other was. Among the more vivid reflections we remember most, these are outstanding in our minds: the over heated cars; the cold stream water; 40 pounds of junk sagging on our backs; the pouring rain; Kennedy

Meadow, again; Have ya seen about seven teenagers; rattle snakes; soggy sleeping bags; Mt. Whitney; only 2 1/2 to go; "If ya see a fat kid back there sitting along the trail with a red face tell him to hurry up: his name's Sina."; and finally the most exciting yet solemn moment of all was when we heard Mass on the high rocks of Whitney Portal.
